Subject: Microsoft Settlement

To Whom it May Concern:

It is my opinion that the Antitrust Settlement that was made with Microsoft should be upheld in the interest of the economy and the furtherance of technology. I believe that the economy will suffer even more if the Microsoft case is not settled and goes back to court, especially in light of the events of September 11, 2001 and the war against terrorism. Thank you,

Sincerely,

Kathie L. McClure
